Keeping families close

# HOLIDAY WISH LIST

The following are suggestions for donations to stock our McGift Shoppe, which provides a place for Ronald McDonald House guest families to shop free-of-charge for loved ones during the month of December, easing the pain of being away from home for the holidays.

The McGift Shoppe is operated by volunteers and depends on donations from the St. Louis community. All items donated must be new because the immune systems of some RMHC children are suppressed. In order to ensure that all members of our guest families have a joyous holiday season, **we are especially in need of gifts for teenagers, mothers and fathers.**

## Adults
