

TAB TOP COLLECTION GUIDE

Thank you for your interest in starting a Tab Top Collection. Follow this guide to learn how you and your tab tops support RMHC St. Louis.

Why Tab Tops?

A tab top is much cleaner and easier to collect rather than the whole can. Tab tops are also accessible so most people can collect them and donate them.

How to Start Your Collection

1. Tell people about your collection! You can request a collection sign from RMHC STL or make your own.
2. Put your container and sign in a place that makes it easy for everyone to donate. Like your kitchen or classroom.
3. Sign up for Tab Top Pandemonium! Tab Top Pandemonium is an annual collection and recycling event that RMHC hosts every spring.
4. Keep your container after you donate so you can collect and donate tabs every year!

Find a Container!

Anything can be a container to collect tab tops! Think of using something you have around the house, **like a coffee can, storage container, or a zip lock bag**. You can also request a Tab Top House from RMHC St. Louis!
